

Recognition Award for Exemplary Performance by Small and Diverse Business

The District's five Recognition Awards for small and historically underutilized businesses (S/HUBE) may be presented to professional services firms or construction contractors at any tier. Awards acknowledge excellence in each nominated firm's respective discipline or skill set and in their performance on Propositions S and N projects.

Award recipients must demonstrate adherence to the District's design, building, and safety standards, assure on-time delivery within budget and compliance with all regulatory requirements. Consideration will be given firms who demonstrate exemplary performance in several areas, including but not limited to:

- Working collaboratively with other contractors and District personnel
- Professionalism on the job, and adherence to project and meeting schedules
- Interest in accessing and utilizing available resources to enhance business capacity and marketability, including technical assistance, training, bonding and financial assistance, and additional business certifications
- Proactive efforts to assure on-the-job performance is consistent with project requirements and District expectations
